

Report Submitted to the Principal, KITS ,Ramtek

Subject: Feed back Analysis Report for the courses / subjects.

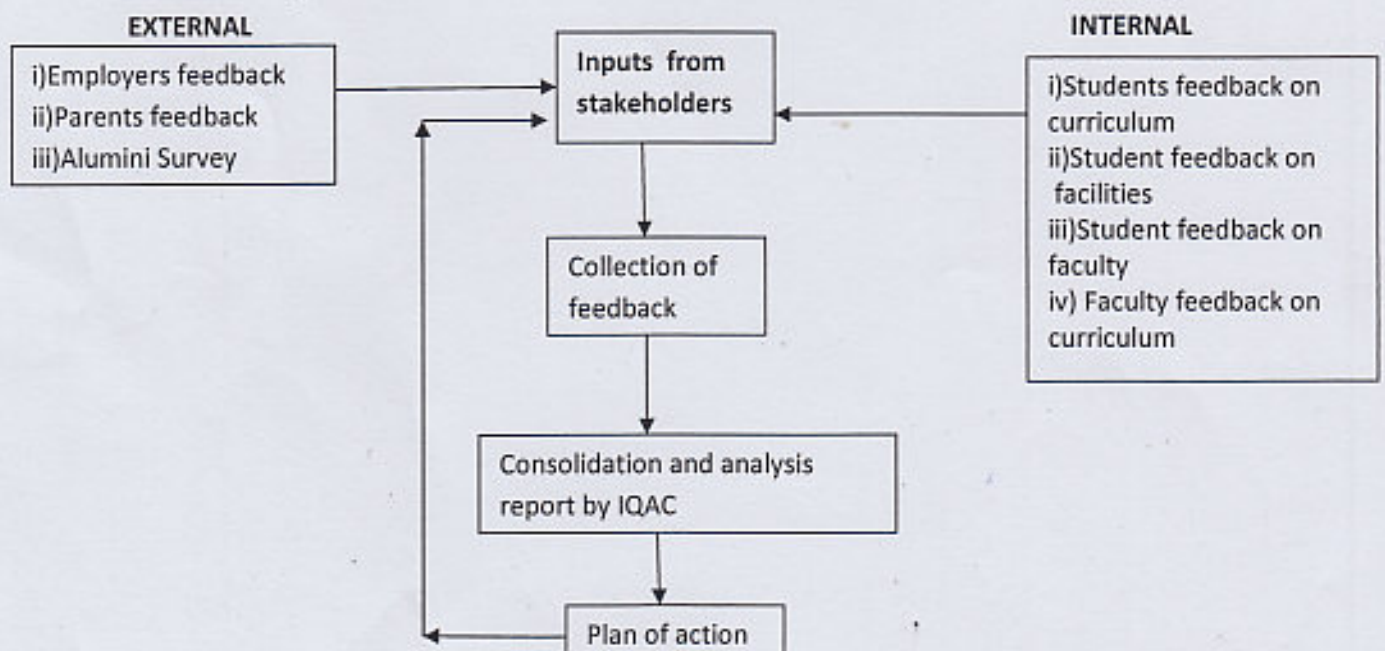

In view of enhancing the academic quality of the students and identifying the gaps in the curriculum as per the current requirements in the industry and the market, the Institute has taken a feedback from various components of stake holders.

The course feedback for undergraduate programs and the suggestions relevant to the modification in the courses is sorted out and analyzed by the IQAC coordinator and the Dean (academic).

The action plan is made to inform the same to the Management members and the University authorities.

The Institute has framed the following feedback system , collected from stake holders.

1. Feedback on course / curriculum by students
2. Feedback on course / curriculum by faculty
3. Feedback on faculty by students
4. Feedback From employers
5. Feedback From parents
6. Alumni survey

Action Taken Report on feedback collected from stakeholders

2020-21

• **Feedback from students:**

Students mainly emphasized the need to impart soft skills, more visits to industries in order to improve practical exposure with technical skills.

• **Feedback from Teachers:**

Teachers expressed need to include more practical knowledge with latest software rather than theoretical knowledge to enrich the students with better competencies.

• **Feedback from Alumini:**

The alumini focused the need of industry institute interactions for getting better placement opportunities.

Report on action taken

Sr. No	Stakeholder	Feedback	Action Taken
1	Students	Syllabus should include soft skills development	Soft Skill Development(SSD) and Career Planning and Prospects (CPP) are included in the time table.
2	Teachers	More practical sessions are needed for better understanding of the courses	All Lab. Sessions are designed to get clear understanding of the theoretical concepts and new modules are introduced.
3	Alumini	Industrial visits must be encouraged	Industrial visits are made compulsory.
