

Report on a webinar

“Thermal Power Plant: Operations and Maintenance – An Overview”

Department of Mechanical Engineering, Kavikulguru Institute of Technology and Science, Ramtek under the Internal Quality Assurance Cell (IQAC) has organized a webinar on **“Thermal Power Plant: Operations and Maintenance – An Overview”** on 26-7-2020 at 11.00 am to 1.00 pm.

The resource person was Mr. R. K. Soni, Additional General Manager (Operations & Maintenance), NTPC, Mouda.

Total 301 no candidates, out of which 84 faculties, 7 industrial persons, 5 scholars and 205 students made registration for the webinar. However, 150 no of participants attended the webinar. The e- certificates are issued to the participants after submitting the feedback form.

Mr. R. K. Soni, Additional General Manager, Operations & Maintenance, NTPC, Mouda has presented a very informative webinar on Thermal Power Plant: Operations and Maintenance. He has given the essential tips to young engineers, how to plan the carrier path and told that minute things also plays a very essential role in decision making and ultimately to overall progress and development. In fact, he had made just a virtual tour of the thermal power plant, explaining the details of operations and especially maintenance of every components used in the power plant, through his presentation.

Dr. Prashant Parhad coordinator of the webinar compared the program. Dr. Y.M Jibakate HoD, Mechanical Engg, has expressed the importance of such webinars and shared the information about the institute and the mechanical department. Dr. R.K. Bopche, IQAC coordinator also expressed vote of thanks to Sh. R. K. Soni for sparing his valuable time and sharing his experience of thermal power plant with participants. Mr. S. Borikar hosted the event and all the faculties of Mechanical Engg. Department were present during the webinar.

Dr. Y.M.Jibhakate

HOD, MED
