

A seminar on “How to Improve Communication & Interview Skills”

A seminar on “How to Improve Communication & Interview Skills” was arranged by the ELECTROMATIX forum on 30th January 2020 at 2:30 pm in Chhatrapati Shivaji Hall. The speaker for the session was Mr. S. M. Kharad Associate. Professor, Electronics & Communication Engineering Department. All the final year students of Electronics Engineering and Electronics & Communication Engineering Department attended the session with great enthusiasm. Mr. S. M. Kharad focused on the key-points that are required to be followed by each individual during an Interview. He discussed different aspects, behavior, impression, gestures, dress code, postures, How & What to say in a correct way and various competencies required in any placement drive. The main aim of conducting this seminar session was to motivate and encourage students to appear different placement drives without the fear of failures and learn more from experiencing & interacting with professionals. Dr. P. S. Ashtankar, Dean of Student Activity & Head of the Department EED & ECD, Staff In-charge of Electromatix forum Mrs. Pradnya Gajbhiye and faculty members graced their presence in this session.
