08th - 09th September, 2018: Workshop - "Go Programming"

Participants during the workshop

Computer Society of India Student Branch KITS Ramtek organized a workshop on "Go Programming" on 08th - 09th September, 2018 for the students of second year. In this event, total 41 students had participated. The workshop was delivered by Mr. Madan Tiwari, Managing Director, Masstech Computers, Nagpur. During the workshop, students were shared with the knowledge on basics of a programming languages like conditional and looping statements. Besides this, they were also taught the concepts of functions and file handling. Students were inspired to learn and asked to discuss the issues in the programming and the applications of the language in the real world.
